FLY WITH PEOPLE WHO STRETCH YOUR WINGS.

Who do you fly with?

Who challenges, encourages, and supports you?

Who do you have in your life to stretch your wings?

YOU ARE PILOT IN COMMAND. Listen to the experts, but set your own limits.

Who is setting your limits?

Whose voice do you hear?

Can you recognize the worth of your own experience?

CREATE BIG, HAIRY, BODACIOUS GOALS. Prepare before you take off. Make risks acceptable.

What dreams have you put on hold?

What fears are keeping you back?

How can you make the risks acceptable?

BE READY TO CHANGE YOUR FLIGHT PLAN. Fly where the bad weather isn't, or land and wait it out.

What plans drive you though they bring you no joy?

What weather delays are you experiencing?

What will it take for you to change to a different compass heading?

ABOVE ALL, ENJOY YOUR FLIGHT.

Are you throwing enough paint on your canvas?

Are you living out loud?

If not, why not? If not now, when?
